

ARCH-TONE

"The Tonic for Tired Feet!"

Red Cross Shoe

"Bred with your foot"

TRADE MARK

You CAN wear smart snug-fitting shoes—no need to sacrifice style for comfort

Sturdy, active tireless feet can be yours—in the Arch-Tone Shoe "The Tonic for Tired Feet."

The foot condition that fatigues you so is relieved by this special-built shoe. A strong but light invisible steel shank gives support to the arch of the foot, and extra strong counters hold the heel in place. The Arch-Tone Shoe is made over lasts which hug the instep, yet provide an extra bit of roominess for the forepart of the foot. Walk, dance, hike—be as active as you will—yet have the joy of comfortable tireless feet. And with it have perfect style, trim, graceful glovefitting lines.

Charming selection of new Arch-Tone models awaits your choice. Come in today and see them.

THE MODEL BOOTERIE

132 MAIN STREET

HOPKINTON

The annual financial town meeting was held in the town hall Thursday afternoon. The treasurer's report showed a decrease of indebtedness of the town to the amount of \$9,251.70. The tax rate was voted to be \$2 on each one hundred dollars on the real and tangible personal property and 40 cents on each one hundred of the intangible personal property.

Mrs. Alexander C. Kenyon was in Providence, Rhode Island, who was home on a vacation accompanied her.

Rev. William L. Burdick began a series of evangelistic meetings in the Second Seventh Day Baptist church Sunday evening. The public schools of this town will receive increased state appropriation under the new educational bill passed Friday evening by the Rhode Island general assembly. The new law fixes \$650 as the minimum salary of a teacher in the public schools of the state. The increase of state money will provide for this and no greater burden will be on

the town.

Fears are expressed that the cold wave and freeze will destroy the fruit buds on trees and vines.

The wiring of the First Seventh Day Baptist church has been completed and electric lights installed. Preaching services are to be held in the church Sunday mornings at 10:30 o'clock, to be followed by Sunday school. Rev. Paul S. Burdick of Rockville, will probably supply the pulpit in addition to his work as pastor of the Rockville and Second Seventh Day Baptist churches.

WOODSTOCK VALLEY

Herman J. Tersenheim and family have returned to the valley, after living in Southbridge, Mass., three years.

Mrs. Allen Kenyon entertained an automobile party of seven from Providence Sunday.

Miss Ethel Kenyon and Miss Winona Hentz returned Sunday to East Dedham.

The family of Winifred Kenyon were in South Manchester Sunday to call on Mrs. A. Winfield Kenyon, who has been ill

ATTACK ON TARIFF CONTINUED IN SENATE

Washington, April 25.—Increased duties on drugs, dyes, inks and paints proposed in the administration bill came under fire today from senate democrats in the second day of general debate on the measure.

Reviewing the rates in the first schedule of the bill, Senator King, a democrat, said the increase proposed ranged from 150 to 300 per cent; presented statistics to show that imports of the commodities under discussion were negligible and charged that the result of enactment of the proposed duties would be to increase the "already swollen fortunes of drug and chemical manufacturers at the expense of the American people."

Attacking what he characterized as the dye monopoly, Senator King declared that the propaganda which he charged that it had circulated was "false, deceitful and designed to mislead the American people for having erected the embargo which it succeeded in obtaining."

In this connection he warned corporations and business men generally that unless they treated the consuming public fairly, "the people would 'rise up' in their wrath and pull down the temple" of business.

Serving notice on the senate that there would be votes on each of the hundreds of rates in the bill, Senator Jones of New Mexico, a democratic member of the finance committee, asked members of the committee majority to explain on what information the majority had acted in

transferring acetic acid from the free list to the dutiable list. He asserted that there was nothing in the printed hearings about costs of production either in the United States or elsewhere and that this case was "typical" of the action of the majority in drafting the bill.

After some cross fire of debate, Senator Smoot of Utah, ranking republican on the committee, said Canada had found a new process for making acetic acid during the war and that it was a case of protecting the American industry or turning the home market over to Canada. He added that information as to prices of the commodity in Germany justified the rate imposed.

There followed a long discussion of the new Canadian method of production from calcium carbide. At its conclusion, Senator Harrison, democrat, Mississippi, offered a resolution calling on the tariff commission for information as to the result of the operation of the emergency tariff bill. He asked for immediate consideration, but Senator Smoot objected, saying it could be acted upon tomorrow without displacing the tariff bill.

"We were told," Senator Harrison said, "that the emergency tariff law was to be the panacea for all agricultural ills. We knew that was largely nonsense. The tariff commission has gathered the facts and congress and the country are entitled to know what they are. The facts will help in a wise consideration of this bill."

COLUMBIA

Columbia grange held a meeting Wednesday evening, but only a few people were present. During the lecture's hour there was a reading by Mrs. W. H. Carpenter, a piano selection by Mrs. Clayton E. Hunt, and a very interesting address on gardening was delivered by Madison Woodward.

Mr. and Mrs. Theodore Lyman and Mrs. Raymond Squier spent Sunday with Mr. and Mrs. E. A. Uley at their home on the Green.

Frank Mitchell, who was employed in connection with the building of the state roads in town recently, has been living in Thompson, and recently in Willimantic. Later he bought the Denison Avery place and ten acres of land belonging to the estate of John W. Fuller and expects to take possession shortly.

Frank Egoe, brother of Mrs. James A. Uley, recently bought the Schilling place on the Pine street road and moved his household goods there Saturday.

Edward Stiles of Tobacco street is ill and is a patient in St. Joseph's hospital, Willimantic. During the past year he has been raising and selling tobacco.

Thursday his son passed through the Center with a load of baled tobacco leaves weighing 1,000 pounds in all. It was taken to Manchester for delivery.

Early Friday and Saturday mornings there was half an inch of ice in the rain barrels, and the ground was frozen, the thermometer being 25 degrees at H. W. Porter's store. The flowers on a large magnolia bush which had just come into full bloom were blasted and those on another bush which were just ready to bloom were blasted also. It is the opinion of some that the blossoms on the pear and peach trees are killed, but not the apple blossoms.

A. A. Latham has purchased from Fred A. Hunt a building site on the Pine street road about a quarter of a mile from the Green. Where he expects to build a home for himself.

The first annual meeting of the Columbia Improvement society, which was organized a year ago, was held at the town hall Saturday evening. Plans for the improvement of the Green and the means for the procuring of funds for the purpose were considered. The following officers were elected: W. H. Carpenter, president; Mrs. Henry B. Hutchins, secretary; H. W. Porter, treasurer; Hubert P. Collins, Rowland L. Cobb and Mrs. L. J. Hutchins, directors.

The case against Edward Phillips for having a rabbit in his possession during the closed season for hunting, which was decided against him, and which he appealed to the superior court Thursday was heard at Rockville Tuesday last before Judge Haines. Friday the judge rendered his opinion reaffirming the verdict of the lower court adjudging the defendant guilty. His lawyer, Samuel B. Harvey, gave notice of an appeal to the supreme court.

The sermon Sunday morning was on the text "Lord, increase our faith." The speaker, Mr. Owen, said that the disciples prayed for spiritual ability to manage their lives with humility and faith.

A local cyclone of considerable force, which appeared to travel down the highway from the direction of the lake, stopped at the home of W. H. Carpenter, tearing off the roof of his woodhouse, a building about 20x30 feet, scattering the shingles and boards over the grounds, some falling into the building, after which the force of the cyclone appeared to be spent.

STAFFORD

A meeting of Wolcott chapter, O. E. S., is to be held Thursday evening.

The B. and B. club met Friday evening with Mrs. Maud Furness.

Mrs. Sarah Black has returned to her home after spending several weeks in New York.

Frederick Tholen of Brown university spent a few days' vacation with his parents at Easter.

Mrs. Philena Preble, 97, who died at the home of her granddaughter, Miss Harriette L. Weir, was the widow of Alfred H. Preble, who died about 23 years ago. Mrs. Preble was born in Stafford June 10, 1825, the daughter of Julia Orcutt and William Rogers, and resided in Stafford all her life, with the exception of three years spent in Boston, N. Y. The funeral was held Friday afternoon at 2 o'clock at the home of Miss Harriette Weir. Burial was in Hillside cemetery.

Mr. and Mrs. Harold Kenyon and four children and Mr. and Mrs. Clarence Hill, all of Hartford, have been guests of Mr. and Mrs. Arthur Cady.

Miss Nellie Dugdale of South Manchester spent the week end with her mother, Mrs. Eliza Dugdale.

MERROW

Walter Brown of South Manchester was a week end guest of Ivan Wilcox.

Mr. and Mrs. B. C. Hallock and family have returned from Florida, where they have been since the first week in December.

Mrs. Clifford Shaw and two children spent a portion of the week with relatives in Monson.

Dr. E. R. Dinneen attended the Masonic funeral of Herman D. Edmond in Hampton Monday, April 17. Prof. Edmond was formerly at Storrs.

Mr. and Mrs. A. T. Burdick and two sons were dinner guests Sunday of Mr. and Mrs. George Russ of Willimantic.

Mrs. Benjamin Baxter visited her aunt in Willimantic Monday.

Alfred Ayers of Tolland is employed at Terrace farm.

Mr. and Mrs. Clifford Shaw entertained South Willington visitors Sunday.

Mrs. Allerton Kibbe and four children from Amenia, N. Y., are visiting at Guia Hill farm.

Stanford, Connecticut's industries will be represented on the program of the ninth annual national foreign trade convention in Philadelphia, May 10 to 12, by Charles W. Beaver, general sales manager of the Yale & Towne Manufacturing company of Stamford, who will make an important address at one of the group sessions on

Every Smoker

Needs an Eye Bath

If you smoke, or frequent places where the air is filled with smoke, your eyes suffer. Very injurious to the eyes. The man who smokes knows how bad his eyes feel when smoke gets into them. In the morning they feel heavy and dry, and only by brisk rubbing are they able to function properly.

Any doctor will tell you that nicotine poisoning is a frequent cause of optic nerve trouble, a dangerous condition which often results in blindness. Eye baths cleanse the eyes, and if every smoker could realize just how good his eyes feel after a daily bath he would rather get along without a tooth brush and tooth paste than without his eye bath.

If you want good, healthy eyes, free from inflammation, aches, itching, or burning sensations, and something which will destroy the evil effect of smoke or fumes on the surface of the eye, go to any drug store and get a package of Bon-Opto tablets. Dissolve one tablet in a quarter glass of water and with this solution bathe the eyes twice daily.

A Bon-Opto bath is good for healthy eyes; it sharpens vision, strengthens eye sight, and makes old eyes feel young. Get Bon-Opto at once; a trial will convince you that every smoker needs an eye bath and that Bon-Opto is a wonderful remedy.

John Pearce of Willimantic officiated. Burial was in Nathan Hale cemetery.

Mr. and Mrs. Theron Durham also returned from Florida Thursday morning.

Mrs. Katherine Taylor returned home recently after spending the winter with her daughter in New Britain.

Mr. and Mrs. Edwin Ledoy returned home recently from their winter home in Hartford.

BOLTON

A largely attended dance was held in Bolton last Saturday evening.

Mr. and Mrs. Lusk and son Gladwin of Avon were week end visitors with Mr. and Mrs. J. Wesson Phillips.

Ernest F. Strong recently purchased a touring car.

Mr. and Mrs. Roy Carpenter of Westfield, Mass., have been visiting here.

William Fries of Readville, Mass., has been visiting his sister, Miss Lavinia Fries.

Mr. and Mrs. Myron M. Lee were in Rockville last week Friday to attend the funeral of Mrs. Lee's grandmother, Mrs. James Bentley.

Mrs. Thomas D. Daly took her daughter, Miss Catherine Daly, and Tina (Gagliardi), winners in the Bolton spelling and spelling contests, to Tolland Sunday, the 24th, to attend the district contest.

Rev. Frederick C. Taylor of Londonderry, Vt., who has accepted a call to Bolton Congregational church, seems to be having a difficult time in moving to Bolton. He had an auto-truck engaged to move his goods week before last. The week they were first expected the truck did not stop at his place for the goods on the return trip as agreed but returned

GET MORE EGGS

WIRTHMORE POOLTRY FEEDS

Wirthmore Buttermilk Mash Will Produce More Eggs

The high grade fish and meat scraps get those extra eggs. It's free from Alfalfa, or any other filler.

Purdue University in a two year test received 25 eggs per bird more on Dried Buttermilk than on Liquid Buttermilk (Bulletin No. 258, Nov. 1921). Dried Buttermilk contains all the natural Lactic Acid and Vitamins of Liquid Buttermilk and does not become rancid or moldy.

Keep Wirthmore Buttermilk Mash before your hens in self-feeding non-waste hoppers, and in addition feed one quart of Wirthmore Scotch Feed to each 25 hens in the morning, and in the afternoon all they will clean up.

to Hartford, and a week later went to Vermont with a small two-ton truck that could not bring nearly all the furniture.

Mr. and Mrs. Leon C. Staples and daughter of Ellington were recent Bolton visitors.

Michael Sheridan of South Manchester spent the week end at W. R. Tinker Jr.'s.

Miss Ruth S. Jones has returned to high school in South Manchester after a week's vacation.

Mr. and Mrs. Charles M. Pinney, who lost their home by fire last winter, are having a bungalow built on the cellar of their former home. Mr. and Mrs. Pinney are living in a cottage temporarily built in haste after the fire.

Supervisor W. S. Dakin had a teachers' meeting in the Center schoolhouse Tuesday, the 25th.

Bolton schools opened Monday.

Mr. and Mrs. Alfred Rockwell and children of Hartford were recent guests of

Mr. Rockwell's parents, Mr. and Mrs. Arthur Rockwell.

Frank Egoe has purchased a farm in Columbia and moved there after residing in town a year or two.

SUIT ON NOTE OF \$929.93

Parson & Whittmore, Inc., of New York have brought suit in the superior court here against the Ironsides Boat Corporation of Delaware and Kolb Carter Co. of New York, both having principal offices in Norwich, on a suit to collect a three months note for \$929.93, dated Dec. 24, 1912. The note was made by the Ironsides Co. and endorsed by the Kolb Co.

East Hampton—Dr. E. M. Bligod state examiner, has completed several tests of the pure-bred Ayrshire stock recently purchased in Massachusetts by Capt. L. Carsten and found them in fine condition.

Spring calls to you!

Sunshine and shower here again
Growth and health in all the great outdoors

Nature's way!

And here's a food bringing Nature's gift of health and energy—saying to appetite, "Come along!" GRAPE-NUTS, the perfected, delicious goodness of whole wheat flour and malted barley.

Taste delights in the wonderful crispness and flavor of Grape-Nuts—rich, sweet and satisfying. Digestion welcomes the relief from the heavy, cloying diet of winter months. Strength and energy result from its well-rounded nourishment.

Let the call of the season come in to you.

Leave off heavier foods and make Grape-Nuts a regular dish for breakfast or lunch or supper; add fresh fruit if you wish. Set out Grape-Nuts whenever the children come in, hungry, from play.

Ready to serve right from the package, with cream or good milk; not a moment to wait.

Never a food more appetizing than Grape-Nuts, nor a combination of grains so completely and splendidly nourishing.

Order from your grocer today!

WHY THE DOCTORS SEND RICH FOLKS to the SPRINGS in the SPRING

A well-known physician said: "I send my rich patients to the fashionable American springs or the European spas (as they call springs over there) because it is the only way I can get them to give themselves the necessary Spring Cleaning."

"As they are not really sick, I cannot get them to take medicine faithfully or to change their diet."

"When Spring comes nearly every person is loaded up with poisonous waste matter that has been produced by the heavy meats, pastry and cooked vegetables of Winter foods, the lack of exercise, insufficient bathing, heavy, airtight clothing, and other contributing causes."

"Unless this poisonous matter is removed from the blood, stomach, bowels and other organs in the Spring, there will be that tired and worthless feeling, gassy stomach, constipation, dizziness, nervousness and the generally run-down condition that may keep one miserable all Summer, and perhaps end in fatal illness."

"My rich patients drink the spring waters by the gallon because it is

fashionable. Thus they are flushed, washed out, cleansed. And as the waters carry salts and other needed chemicals they are taking medicine and don't know it."

"People in moderate circumstances get the same result by taking a good reconstructive medicine (such as Sana! the Sensible Spring Tonic) and using ordinary common sense in their manner of living."

For a hundred years the doctors of New England have prescribed Sana! the Sensible Tonic through all seasons, but especially in the Spring, as a reconstructive and cleanser. Sana! purifies the blood, restores digestive power, regulates the bowels and stimulates the liver and kidneys to natural action. Thus it removes all waste matter, thoroughly cleanses the system and reduces temperature.

SANA! THE SENSIBLE TONIC in this way restores vigor, clears the complexion and relieves nervousness. By ending flatulence it relieves the heart of pressure from the bloated stomach and thus stops heartburn, palpitation and other so-called heart troubles.

Sana! the Sensible Tonic is one of the reliable old "WINSOL" line of household remedies. It is guaranteed. If not satisfactory your money will be returned. All obliging druggists sell SANA!.
